PRODUCT OVERVIEW

Ogniochron-branded car first aid kit supplied to the Polish retail market, manufactured by GAUKE GAUKE HEALTHCARE Co., Ltd. and packed to DIN 13164:2022 in a red soft pouch sized 220 mm x 130 mm x 55 mm at 0.37 kg gross weight. The kit is intended for passenger vehicles, taxis, driving-school cars, and small fleet cabins where a compact road first-aid set must stay reachable in a glove box, door pocket, or boot. Contents follow the DIN 13164:2022 dressing list including plasters, individual dressings, elastic bandages, compresses, a rescue blanket, scissors, gloves, masks, and a multilingual first-aid leaflet. The pouch carries the Ogniochron flame mark and DIN 13164:2022 labelling on the front. First aid kits are not portable extinguishers under EN 3-7 and do not carry a fire-rating figure or CNBOP-PIB approval on the manufacturer's parameter sheet.

Values are the declared specifications for each article and are confirmed against the delivered batch on the order confirmation.
